

Elders is committed to providing a safe and healthy workplace for everyone who works with us or attends our workplace.

We believe

- Nothing is so important that it cannot be done safely.
- Being proactive is better than being reactive.
- Work related injuries are preventable.
- Health, safety and welfare must always be a priority.
- We are all accountable for a safe work environment.

We deliver this by

- Setting measurable objectives and targets to achieve higher standards through continuous improvement.
- Providing necessary information, education, training, instruction and supervision to support our people in doing their work safely.
- Working with our people in a consultative and fair way to eliminate or minimise, so far as reasonably practicable, risks from identified workplace hazards and
- Dedicating appropriate resources to supporting safe work practices and processes.
- Complying with applicable health, safety and welfare legislation.

Our family, friends and community depend on us to travel and work safely everyday. Please join me in making this commitment a reality.

Mark Allison
Managing Director and CEO
